1.4 – Feedback System

1.4.1 – Whether structured feedback received from all the stakeholders.

Students	Yes
Teachers	Yes
Employers	Yes
Alumni	Yes
Parents	Yes

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution? (maximum 500 words)

Feedback Obtained
KRGC has always been following innovative ideas and making a stand on sustaining quality in the areas of curricular, co-curricular, extracurricular and administrative services. The institute conducts feedbacksessions for various stakeholders including students, teachers, non-teaching staff, parents, alumni,employers, industrialists etc. on a regular basis. The feedback is obtained on important aspects of, theutility of courses, framing and updation of syllabus, quality of teaching-learning process, and variousinnovative practices used in support systems. IQAC collected feedback from the faculty (regular as well as guest faculty) on curriculum and related aspects. Routine parents-teacher meet is the source of taking feedback from parents. The feedback process for session 2016-17 was started in the month of March 2017 andfeedback obtained online through Google form. This process applied for all the stakeholders separately.The link of Google form shared with all the stakeholders and approximately 2 months is given to fill theresponses. The feedback analysis is also done through the Google services and response sheets generated in various graphs. The analysis of feedback is put up before a statutory body for approval and afterwardcommunicated to the concerned officials and incharge of various committees. IQAC framed the strategy for the improvement if it is required and started to work on the gaps through its various committees. The open feedback is also encouraged by IQAC. The faculty and IQAC members frequently consider the input from students and other stakeholders. The management of the college responds appropriately to oral comments received from stakeholders.

2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

The unfamiliar surroundings, culture shock, peer pressure, pressure to perform, physical changes, career choices, relationships, identity formation are just some examples of issues and challenges that confront the young undergraduates. It is fact that most of them find ways to cope with these issues but some of them truly struggle for support and this situation affects their academic performance. Though KRGC followed a practice of parents-teachers for a few decades, in 2016 It has started a mentoring system in this college. It is also a fact that the institute faced a big challenge to design a comprehensive program for all faculty and students paying special attention to those who are in need. The Counseling and Mentoring support system was introduced to cater to all the undergraduate and postgraduate students of KRGC. Mentoring system is a mainstreamed activity that covers every academic department and its faculty members are supposed to do work as Mentors (we can call them teacher guardian or TG) for giving academic and non-academic help to the students during non-schedule duration. Students are called mentees. Every student is assigned a mentor with whom she can discuss any issue of concern. The students have liberty to choose any faculty to interact with their issues and get it resolved. Mentors or TG regularly interact with the student and help them feel comfortable especially when they are fresh in the first year or in PG first semester. In this system the college communicated the name and contact number of the mentors to the parents, through students so that they can interact for any assistance and information desired. In addition there is a Counselor team also that can assist students if they are facing stress and are getting mentally disturbed. Mentees also make themselves visible through the Register of mentee (RoM). RoM helps in keeping the information intact and easily available as and when required. Mentees are in contact with the same mentor for 3 years, this makes them comfortable with the teacher and also helps the teacher in

identifying specific problems related to the mentee. Parent Teacher meet is a regular practice adopted by the academic interaction cell. An exhaustive feedback is taken during the parent teacher meet and analysed. Feedback is kept in the statutory body also. Salient Features of this system are : • Six monthly meetings • Approximately 60 students clubbed with each teacher guardian • Strong Feedback mechanism The overall performance of the student is analyzed by viewing the ROM or Academic Mentoring Data Register (We are planning to start maintaining data in the Academic Mentoring Data Card). There is reported through feedback responses better understanding and dynamics between the students and faculty. The pass percentage of mentees has gradually improved and it assured that mentees are become more confident and get encouraged.

5.3.2 – Activity of Student Council & representation of students on academic & administrative bodies/committees of the institution (maximum 500 words)

The KRGC Student Council is formed as per the Department of Higher Education, Govt. of Madhya Pradesh. It runs with the objective of promoting participatory decision making, arranging extracurricular activities to bring out the hidden talent and motivating students to participate in these activities, which include the cultural and social development of the students. Generally Students council is an elected body having students from all fields, since 2006 indirect method of election as per Supreme Court's order on the implementation of the Lyngdoh Committee report are franchised in the state. According to Higher Education Department MP rules and regulations, open election was conducted in 2017 to elect through voting the class representatives and office bearers to form Student Union. It was a proactive council that endeavored in promoting educational values and decorum inside and outside the campus. Since 2017-18 again student elections in the state are on hold due to reasons best under the purview of department of Higher education Govt. of M.P. The Student Council has student leaders with various portfolios and works in coordination with the Staff-in-charge of the committees, like Board of Studies, IQAC, AF Committee, Annual Function, Hostel Committee, Sports Committee, NSS, NCC and Career Guidance Scheme Cell. In all, through the student representatives the leadership skills and initiative in students are nurtured proactively by motivating them in organizing all activities and functioning of the committees. All extracurricular activities like Singing Dance competition, Fashion show, Debate, etc. are organized as a part of the Youth Festival Competitions. The winners in these events compete in State and National level competitions. The NSS program in the college is efficiently conducted with three units and more than three hundred volunteers. The volunteers arrange activities round the year in which they participate, interact and grow. These activities include social awareness activities, environmental awareness activities and cultural activities. Students participate in a seven day camp and are further selected

for state and national camps. The NCC is operated in the college with two units and more than three hundred cadets who participate in various activities of social and national concern. The NCC camps give opportunity to enhance skills among students. Swami Vivekanand Career Guidance Scheme Cell offers various programs for the overall development of the students which include skill development programs, career counselling, personal counsel, personality development, competitive edge building and entrepreneurial skills. The workshops are organized inviting experts from different spheres including current themes like digital marketing, photoshop, photography etc to suggest new avenues of career . It also generate competitive spirit in the students. The Earn While You Learn Scheme helps them to learn entrepreneurial skills. They arrange Melas like Sawan Mela, Diwali Haat to sell their handmade products like Rakhi, Bangles, Cards, clay divas, etc. It is a platform to enhance their skills of marketing their products. The career cell committee members give their valuable guidance to the students in their free hours. The students are encouraged to take civil services and other competitive examinations. Udaan coaching was conducted in the college to provide competitive coaching to the students of the college. Eco Club of the college has student members who initiate activities related to environmental awareness. Sports activities are conducted throughout the year to facilitate students develop their potential in sports field. Students have added feathers to the cap in state,national and international sports events . All these activities are conducted in the college under the policies and regulations laid down by the Higher Education Department of MP. Apart from these activities, Student Of the college extends a handholding to all activities in the campus like Blood Donation, awareness drive, Teacher's day, Independence Day, Republic Day, Voters Day etc. Besides, the institute takes step to provide scholarships, remedial classes, mentoring and other such innovations to extend assistance to students for their overall development.

6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

The administration of KRGC is quite decentralized and academic non-academic responsibilities delegate with Academic Secretary, Deans of faculties, Heads of Departments and Coordinators of Self Financing Courses, Controller Examination, Administrative Officer etc.. There are more than 75 committees, cells and sections constituted for academic and non-academic works. The college organised periodical meetings of various committees and ensure to frame plan and strategy, to execute and monitor it, and analyse and evaluate the activities. All stakeholders included in the strategy for quality administration. A periodical review of syllabus and curriculum is regularly done for each discipline and department to update and deliver quality education to the students. The role and functions of the Board of Studies and Academic Council are closely monitored to assist them to function effectively. Academic Cell prepares the institutional academic calendar with the help of HODs and Examination Cell. Academic meetings with HODs are organized by Academic Cell to decide upon the dates. After sincere discussion on various phases of calendar it is framed and communicated to all departments after signature by the principal. The faculty members of various streams are also involved in decision making process at various levels. At the Department level, the Head of the Department holds the responsibility of motivating and mobilizing the opinion, suggestion and feedback from the staff members at all aspects of administration and academics. Heads / Coordinators pass it on to the Academic Secretary and Academic Secretary puts it before Principal and Chairman of the Academic Council and IQAC for facilitating the process of decision making. Teaching staff members hold various administrative positions which are as follows: Academic Secretary, Controller Examination, Administrative Officer, Deans, HoDs, Members of Academic Council, Staff Council, Governing Body, Janbhagidari Samittee (PPP-Public Private Partnership). The process of decision making in KRGC involves the following statutory bodies: Governing Body, Academic council, Janbhagidari Samittee (PPP-Public Private Partnership), Staff Council,

Administrative Advisory Board, Forum of HoDs and Coordinators, Departmental Board of Studies. Apart from these Officials Forum, Students' Union also has been consulted on matters of concern related to students. 6.1.2 – Does the institution have a Management Information System (MIS)?

No

6.2 – Strategy Development and Deployment

6.2.1 – Quality improvement strategies adopted by the institution for each of the following (with in 100 words each):

Strategy Type	Details
Curriculum Development	Curriculum of UG Programs is provided by the department of Higher education Govt. of Madhya Pradesh, which is being developed by the Central Board of Studies. Curriculum for P.G. Courses is designed by the affiliating university Jiwaji University, Gwalior. As far as the curriculum for self finance subjects are concerned, some of them are being developed by the Central Board of Studies and some other by the board of studies of the university. Many faculty members of this college are the Chairperson/members of various Central Board of Studies and board of studies of University. The template for the overall curriculum is prepared through consultative process among the various stakeholders initiated by the Academic Secretary and Academic Deans. Based on their inputs, the type of courses and the number of allied/optional courses are stipulated and contents are prepared by the respective departments. All curriculum of UG and PG programs placed before Board of Studies of related subjects by the departments. BOS is constituted as per prevailing norms of the Jiwaji University Gwalior and University Grants Commission - UGC that includes members from industry, representation from students and alumni. After getting

	recommendation from BOS the curriculum is approved by the Academic Council of the college. The provision of 20 deviation in above curriculum is permissible for Autonomous Colleges in the norms of the Department of Higher education Govt. of Madha Pradesh and Jiwaji University, Gwalior. These norms are followed by the Board of Studies of this college. The curriculum is, thus, finally evolved after incorporating the suggestions from members of the Academic Council. Curriculum is implemented imbibing different methodologies. Curriculum for value added courses/short term courses is developed by the college. It is placed before related Board of Studies for recommendation and finally approved by the Academic Council of the college. The curriculum of value added courses is developed keeping in view the market orientation and local need of the parent subject. The Course Outcomes are outlined in alignment with the Programme Specific Outcomes which ensure the fulfillment of Programme Outcome. The status of autonomy helps the college to restructure the curriculum with due consideration of suggestions from stakeholders in order to make it relevant to contemporary times.
Teaching and Learning	All UG/PG programmes run in this college have the formal pedagogy of teaching and learning within the curriculum with stipulated marks and grades such as tests, assignments, seminars, projects, field trips, industry visits, internship, lab work etc.. PG students submit their projects allotted by the departments within the curriculum. Ph.D. scholars of various research centers research on socially relevant areas for their thesis. Teaching and learning procedure in the college is a mixed blend of traditional, modern and ICT based methods. Depending upon the topic to be covered. Teachers notify their mode of teaching to students. Lesson plans are prepared by teachers and notified to students well in advance to make teaching more participative and student centric. Students are informed about flip classes well in advance. Different teaching methodologies like traditional teaching through board, ICT based

		teaching, experiential learning, project based teaching, lab work, workshops and seminars are used.
	Examination and Evaluation	The Controller Examination - COE office, which is run in Examination Cell, has its exclusive management system to manage its various requirements in the process. All aspects of the system are systematically developed. Examination System starting from online registration, enrolment process, submission of online examination form, online entry of CCE as well as practical examination marks, to downloading results and verification. Different CCE modes are utilized for internal evaluation of different classes. Evaluation is done through different innovative methods like open book system, students has participation in the evaluation mechanism a cumulative judgment sheet is prepared and marks are communicated to the individual student. Semester and Annual Examinations are conducted in the shifts as decided by the COE. A team having senior professors is appointed to conduct these examinations. The examination protocol is as follows - Centre Superintendent - Shift Superintendent – Asstt. Shift Superintendent. Assistant Superintendents are appointed one @ 300 students ratio. Permanent Invigilator and shift Invigilators are appointed one @ 25 students. There is a provision of flying squad which is separately appointed for each shift. The mark statement of KRGC has 13 security features. The IQAC conducts quality audit through department evaluation at the end of each year for improving the academic quality. Students can peruse the valued answer scripts of the internal tests. There is a provision to apply for review or revaluation of answer scripts of the final examinations.
	Research and Development	KRG College has recognized research centres in 16 subjects - Hindi, English, Sanskrit, Urdu, History, Sociology, Political Science, Economics, Philosophy, Music, Drawing Painting, Geography, Commerce, Home Science, Zoology, Chemistry. All research centeres are recognised by

	Jiwaji University, Gwalior. 56 professors are research supervisors/guide in these 16 research centers. Apart from these teachers Dr. N.K. Nagaich, Professor, Psychology is also recognised guide with research centre at other college. These research centers promote research work on socially relevant issues and need of local society. College has a Research and Development Cell - RDC, which takes care of Research and development related activities. RDC motivates teachers to submit research proposals to different funding agencies. RDC publishes an Inter-disciplinary international Journal, Creative Discourse. Students are also promoted to opt for small research based projects to strengthen RD ecosystem of the college. College has Intellectual Property Right Committee - IPRC for maintaining ethics in research work conducting in the institute. Another committee for Industry Academia Collaboration - IACC works on requirements of local industries from this college. The college is going to establish Entrepreneurship Development Cell - EDC.
Library, ICT and Physical Infrastructure / Instrumentation	The high-quality library facilities are available in the Central Library of KRGC. It is automated through SOUL 2.0 software. This enabled the computerised transaction of books (Issue books). College has NLIST membership and teachers and students can use NLIST. College has e-library with 21 computers. E-library provides access to educational websites and e-content. The main feature of Central Library is its KIOSK, which helps teachers and students to search their required books. Central Library has partial open access and provides for reprographic facility. Library operating hours are from 10.30 am to 5.30 p.m. in the regular working days and from 8.00 a.m. to 7.00 p.m. in the examination days. Librarian of the Central Library helps students in lending and borrowing books from the library. PG departments and departments under Self Financing Scheme have their own libraries which are looked after by the faculty of the department. Department of Law has a separate guest librarian to look after the departmental library.

Human Resource Management	Human Resource (teaching and non-teaching staff) is managed by the Department of Higher education (DHE) Govt. of M.P. as per the guidelines of UGC. The recruitment process has been carried out by Madhya Pradesh Public Service Commission - MPPSC, Indore. As per the results of the recruitment process provided by MPPSC the Secretary of DHE Govt. of M.P. appoints staff for this college. The DHE Govt. of M.P. provides funds for the enhancement and maintenance of infrastructural facilities of the college and principal of KRGC with the help of administrative staff and maintenance team implemented the orders of higher authority. DHE provides the guest faculty against the vacant teaching posts. The process of appointment of guest faculty is online and there is a chartered mechanism for this. KRGC follows the process of appointment of guest faculty for self financing courses/subjects. The Principal of the college is responsible to appoint guest faculty. There is appraisal system adopted by this institute for teaching and non-teaching staff. The process is guided by DHE. According to the process the IQAC of KRGC plays a vital role in bringing out an Academic Staff Performance Indicator. The performance indicator for teaching staff incorporates details of lectures delivered, remedial, teaching-learning programmes and supports extended to slow learners for enhancing their competency. It also throws light on the research efforts, publications, organizing and attending conferences and academic programmes like FDP by the staff members. The details regarding various awards, honours and recognition conferred upon them and various administrative responsibilities held by them are also included. The score sheets are prepared by the IQAC and submitted to the Principal for appropriate remarks. The Principal put it before Additional Director of Higher Education, Gwalior-Chambal Division for review remarks. Finally these appraisals sent to Commissioner, DHE Bhopal for further necessary action.
Industry Interaction / Collaboration	The college administration has provision to appoint a representative from the industry in Board of Studies

	of various subjects as per guidelines of UGC. Hence representative from the industry is always a part of curriculum development of the college. The curriculum of both UG and PG has a component of project and internship. Hence all students have to contact local industries for it. Many linkages are created for industry and academia interaction for this purpose. There is another provision to have a representative from the industry in IQAC. A representative from the industry gives valuable suggestions for quality enhancement in the field of entrepreneurship and placement. Employment and Placement Cell of KRGC always keep in touch with industry management and entrepreneur for conducting Job Fair and Udhymita mela. All departments regularly organize guest lectures, extension lecture, endowment lectures, seminars, conferences, workshops and other academic activities always in collaboration with industry. Research Development Cell also organizes workshops for collaboration with industry. College administration always promote to have MoU with good industries.
Admission of Students	The admission process for all UG and PG programmes including self financing programmes is done completely online through online admission portal managed and hosted by DHE Govt. of M.P. It is a well chartered procedure for all Govt. HEIs of M.P.. Admission Rules and guidelines are framed by DHE which takes into account reservation policy updated time to time by the govt. of M.P. Hence this college also adheres to the reservation policy of the State Government. Generally admission process is completed in a three steps - first two counselings are online and Last step is college level counseling, which is also conducted online. 7.1.7 – Initiatives taken by the institution to make the campus eco-friendly (at least five)

The KRG college has a mission of CLEAN CAMPUS-GREEN CAMPUS. The motive of this mission is to maintain the campus green, clean and eco-friendly. Students of various streams also take participation in the initiatives through environment-related activities like plantation. Upholding the National Mission for Green India, KRG College has undertaken noteworthy initiatives such as: Expansion of rainwater harvesting and reusing the purified water for gardening and maintenance of the sports field. Maintaining solar panels on campus to tap into the renewable energy and conserve energy through use of CFL, LEDs and T5 tube lights. Only two-wheeler parking facility for the students is allowed as a measure to check the emission of carbon dioxide. Four-wheeler parking is discouraged to prevent accumulation of pollution. Automobiles are strictly prohibited in the campus once in week. The college is practicing the use of e-notices on the college website, digital boards, and televisions. The Hazardous waste management in science laboratories is also applied.

7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

Title: JAGRATI, community service program – (as institutional social responsibility) 1. Objectives of the Practice • It is part of our mission which envisages over all development of our girl students. • To sensitize learners to social responsibility. • To develop strong bond with stakeholders. • To create platform for interdisciplinary/multidisciplinary activity. • To fulfil one of the objective of higher education which encompasses community service as important component of learning program. • To understand the community in which they work. • To understand themselves in relation to their community. • To identify the needs and problems of the community and involve them in problem solving process. • To develop among themselves a sense of social and civic responsibility. • To utilize their knowledge in finding practical solution to individual and community problems. • To develop competence required for group living and sharing of responsibilities. • To gain skills in mobilizing community participation. • To acquire leadership qualities and democratic attitude. • To develop capacity to meet emergencies and natural disasters • To practice national integration and social harmony. 3. The Context After independence, India has reached a new height in economic growth and development but some serious issues related to gender discrimination, urban poverty, conditions of baths and minorities have still remain unattended. For holistic sustainable development we require enhanced human competencies and new institutional capabilities. Thus, today in this knowledge driven society the 19th century idea of universities is undergoing significant changes. It is in this context that social responsibility in higher education has been placed as an important pillar for future plans. By improving and increasing engagement with communities, higher education institutions can reinforce the value of

social responsibility. The concept of ISR (Institutional Social Responsibility) has many fold roles in today's academics. It is an advanced tool to impart and advance knowledge of ecology, life sciences and physical science and technology, on the other hand touching all aspects of social sciences. All stakeholders in institution are benefited by these programs, primary beneficiaries being student. Students gain work experience and can improve their employment prospects. These programs help in curriculum development, research and also open door to consultancy. At the same time poor and deprived communities of the societies get access to services and resources by these programs. 4. The Practice JAGRATI is a program, operative since 2010. It is program which takes up social issues prevailing in community. Uniqueness of the program lies in its contextual significance and holistic approach. In this program students from various classes, course, discipline, teachers, (members of the various cells), and other members of the administration work as a group and contribute in the upliftment of unprivileged section of the society. Activities involved in this program are classified in three categories. In-campus services: These services are considered as moral obligation towards institution and perform with the objective to enhance beauty of the campus, eco-conservation and to improve the teaching learning environment of the institution. Some of the activities which are routine practice - • Feeding/caring /protecting/conserving avian fauna (birds, parrots, crows and peacocks) in campus. • Conserving natural flora of the campus. Beautification of the campus. • Cleanliness drive: environmental cleanness. • Awareness for polythene free campus. • Green campus. • As support system – differently able students, Members of the group SAHELI Under the guidance of Equal Opportunity Cell. • DIVYA- the group of hostlers. Inspires, guides, motivates their junior students, anti-ragging squad. • SAMRIDHHI – a group of advanced learners who support, guide, assist their slow learner class mates. • Vivekanand Cell organizes various self-grooming, job oriented programs for non-regular unskilled/semi-skilled workers in the college. Off Campus service : For these activities group members target a specific site/ place/ institute with specific issue and offer support/ guidance in various way. • In rural slum area awareness programs are conducted. • Anti-tobacco Campaign. • Save girl child. • Gender discrimination. • Health and hygiene education. • Voter/Aadhar card register support in school colleges. • To inspire, guide for higher education (as a part of college chalo-abhiyan). • To update students with latest information on science, social science, civics, humanities and social issues. • Health awareness campaign in hospitals. • Volunteers in Pulse Polio Program. • Health hygiene, mother care program. • To make mother and pregnant women aware of Govt. policies and supports. • Structured social services by experienced professionals. • Survey, analysis of causes and curative measures in Undernourished children of Khori Village in Karhaal block dist. Sheopur (M.P.) in collaboration with Govt. Agency. • Teachers from various department deliver lectures, deliver radio talks, TV programs demonstration of training programs for elite stratum of society. • Teachers from music and fine arts train amateur individual to develop their hobbies as profession. 5. Evidence of Success • As the evidence of their exemplary performance and contributions towards society the staff and students of various programs and committees bagged many award. NSS coordinator and volunteer receive certificate of appreciation for blood donation and energy conservation. Students developed the sense of responsibility, learnt, acquired work skill and were able to visualize and analyze social issues prevailing in un-privileged communities. They also learnt the art of independent working /working in groups as team. Improved soft-skill such as communication, punctuality, sincerity and keeping appointments. • These programs provide teachers with opportunity to generate new knowledge, offered new research subjects and give immense contents. Targeted committees got aware with govt. policies schemes and acquired access to resources/agencies. 6. Problems Encountered and Resources Required • Constraints - No finances are

available to support these programs. • There is considerable gap between need and resources. • Only small groups can be targeted. • Unavailability of transport is the great constraints to start these activities only in nearby areas not where these most required. • No follow-up sessions can be arranged. Title: IT/ICT in Teaching, Learning and Governance 1. Objectives of the Practice • To improve quality of teaching-learning and governance. • To promote mass learning/distance learning. • To minimize /optimize the use of paper and other valuable non-renewable resources. • To increase GER. • To meet the challenges of shortage of resources. (faculty/infrastructure/library resources). 3. The Context Information technology and information communication technologies have become common place entities in all domains of society. Within education also ICT has begun to make its contribution. In India education is facing challenges in terms of access, equity and quality. Our institution is also taking appropriate initiatives to improve GER and quality of education. The draft national policy on education framed in 1980, modified in 1992 stresses upon employing IT to improve quality of education which has been included in vision and mission of NPE. We realize that IT/ICT can act an enabler and catalyst to fuel the growth of our education. Use of ICT for promoting education has always been a part of most of the Govt. policies and plans. On education UGC and MHRD also favoring inclusion of computer and internet based new technologies (cloud computing/virtual classrooms). These technologies play a bigger role in transforming higher education creating a social, highly collaborative and personalized environment for student learning. Deptt. of Higher Education, Govt. of M.P. is also planning to provide smart phones to students to ensure effective teaching learning process. 4. The Practice • College has set up 10 smart class rooms to facilitate effective and improved content delivery. • Computerization of library resources. • Teachers prepare e-study materials. • The campus is Wi-Fi enabled. • Through the use of CCTV camera, transparency in working has been achieved. • Biometric machines have been installed. • Teaching and administrative staff maintain the punctuality. • Question banks, exam result, time table, advertisements, notices are uploaded in website which can be accessed even in remote areas. • All the departments have developed their e-mail ids which are used for sharing notices, information and other official documents. • Students also submit their queries, assignment, project reports, seek guidance from their mentors/guides through their mail IDs. • Computer awareness and application have been included as on component in syllabus. 5. Evidence of Success • Besides learning main subjects, students have become computer friendly. • Administrative staff is showing better and enhanced performance. • Work load has been reduced. • By using IT/ICT, College has been able to meet the challenges of faculty shortage upto certain limit. • Teachers became updated with latest developments in their subjects. • Use of paper has been minimized. • Transparency of work has been enhanced. • Online admission process helped to increase GER. 6. Problems Encountered and Resources Required There are some obstacles against the smooth functioning of this practice. Some of these are given blow : • Lack of IT awareness in teaching and non-teaching staff. • Insufficient of IT infrastructure, • Lack of finance. • Paucity of skilled personnel. • Negative attitude. • Lack of institutional ICT policy. The following strategy has been adopted by the College to overcome the obstacles : • The College has prepared
